

Villagers & Nobles Collection

This collection includes a wide range of pieces suitable for villagers, townspeople, and noble characters across different productions and time periods.

The photos shown are examples from the collection, rather than a fixed set. We hold a large and varied stock, with multiple styles, sizes, and combinations available.

Costumes can be mixed and matched to suit your cast and the look of your production.

Please take a look through the photos, and get in touch to discuss availability, sizing, and how we can best support your show.
